## What is the CEM Assessment?

The CEM Assessment is a standardised test used by many selective schools in the UK to assess children's academic ability. The test is divided into four sections: Verbal Reasoning, Non Verbal Reasoning, Mathematics, and English.

The Non Verbal Reasoning section of the CEM Assessment tests children's ability to solve problems using visual and spatial reasoning. The questions in this section are often abstract and can be difficult for children to understand. However, with practice, children can improve their Non Verbal

Reasoning skills and increase their chances of success on the CEM Assessment.
