When a young woman is found dead in a remote field, her body bearing enigmatic puncture wounds, Tempe is summoned to investigate. As she meticulously examines the remains, she uncovers a series of seemingly unrelated deaths that share a disturbing pattern. Driven by an insatiable pursuit of justice, Tempe delves deeper into the investigation, determined to uncover the secrets buried beneath the surface.

Armed with her expertise and renowned analytical skills, Tempe follows a trail of clues that lead her to a clandestine laboratory and a nefarious organization known as Virals. This shadowy group is experimenting with a deadly synthetic virus that has the potential to unleash a global pandemic. With each step closer to the truth, Tempe finds herself drawn into a dangerous game of cat and mouse as she races against time to halt Virals' sinister plot.

As Tempe navigates the treacherous landscape of forensic investigation, she encounters a cast of compelling characters, including her loyal colleagues at the Montreal PD and a enigmatic virologist with a troubled past. Along the way, she must confront her own personal demons and the haunting memories that have shaped her life.

"Seizure Virals" is a gripping fusion of forensic science and crime thriller that will keep you on the edge of your seat until the very last page. Kathy Reichs, the acclaimed "Queen of Forensic Thrillers," weaves a complex and suspenseful tale that not only showcases the intricate world of forensic anthropology but also explores the darker recesses of human nature.

With its pulse-pounding action, compelling characters, and meticulously researched forensic details, "Seizure Virals" is a must-read for fans of the genre and anyone who enjoys a thrilling and thought-provoking mystery. Prepare to immerse yourself in the captivating world created by Kathy Reichs and experience the gripping investigation that will challenge your assumptions and leave you breathless.
